

PINE HILL POLICE DEPARTMENT COMMUNITY BULLETIN

Pine Hill Police 54' Chevrolet Bel Air DARE Unit FAN FAVORITE At the 25th Annual DARE Conference

From February 25th-27th, Patrolman Marino and SRO Rowello attended the 25th Annual DARE Conference in Atlantic City, New Jersey. During the conference both Officers attended various training opportunities focused on enhancing the Pine Hill Police Department Juvenile Unit with ways to better serve the youth of our community. The training varied, with topics focused on programs to motivate and excite our community's youth, living a positive drug free lifestyle, and ways to investigate and monitor the trending social networking issues faced in our schools today. Both Officers also received an update on gangs and current narcotics trending with the young adults and juveniles in our area.

The DARE Conference Car Show was held during the scheduled trainings. Pine Hill Police Department's DARE Unit was recognized as the Fan Favorite this year. The 1954 Chevrolet Bel Air DARE Unit received the award and recognition during a ceremony on the evening of the 26th.

Officer Marino and SRO Rowello attended a seminar on Sex Trafficking and Child Exploitation presented by Chief Earle of the Gloucester Township Police Department. Chief Earle named the PHPD as a partner with GTPD while highlighting new investigative techniques being used by both departments to help the ever growing concern of Homeless Juveniles / Runaways. These new techniques involve a coordinated effort with the Pine Hill School District and the Pine Hill Hope Chapel to help educate the residents and provide guidance to both the juveniles and families in crisis.

This annual training conference is a great resource for the Pine Hill Police Department and the Department's effort to strengthen the bonds within our community.
